

DANCE CONNECTION

COVID-19 PROTOCOLS

- DC Protocols and appropriate signage are posted at entrances and throughout the studio.
- As of September 7, 2021, masks are highly encouraged but not required inside Dance Connection. Please note that this status may change.
- DC Staff and students will comply with social distancing.
- DC Staff and students will sanitize their hands when entering/leaving the studio.
- Waiting room area is closed. Limited exceptions will be made for parents of new students only. Parents in the waiting room will require masks.
- Doors to the front waiting room will open 5 minutes prior to your child's class time. Dancers will sanitize hands upon entrance to the studio. Please remain with your child until they are in our waiting room. Please do not drop them off early.
- Dancers will sanitize hands and be released to parents through the front waiting room doors. Please be on time and let us know you are here.
- Hand sanitizer will be available throughout the studio. Bathrooms will be stocked with hand soap for washing. Please have your student bring their own little bottle of hand sanitizer and wipes. DC will have some, but, as you are aware, restocking these items can sometimes be very difficult. Any help will be greatly appreciated.
- Dancers should change their shoes inside the studio rooms not the hallway.
- Dancers should only bring a small bag with shoes and a water bottle clearly marked with their name. There will be NO SHARING OF WATER BOTTLES. We ask that you limit the number of personal items brought into the studio to avoid further outside contamination.
- Dancers will not be allowed to attend class if they have any symptoms or are feeling sick. Please, out of consideration for everyone, take your child's temperature before coming to class.
- We will not hold hands, touch each other, or share props during class.
- Studio will be cleaned and sanitized at the end of every evening.
- Every hour, bathrooms, hallways and waiting room will be sanitized.
- We will open the front doors of the studio when the weather allows for fresh air and circulation.
