2023 ~SUMMER~ Solo and/or Specialty

Solos and/or Specialties that are taught the summer of 2023 will have the opportunity to perform and/or compete starting January 2024. Learning routines in the summer gives the performer a chance to learn a routine without having to learn many other class routines at the same time. It also gives the performer the opportunity to compete in approximately 6 competitions. Fall Solo/Specialties will not compete until the end of March and will only have the opportunity to compete 3 times.

Solos and specialties are a great way to build self-esteem and confidence. These special classes help student's individual ability improve as well as improving her performance on a large company.

Music for solos and specialties will be chosen by the teacher on an individual basis taking into consideration the student's abilities and age levels. Students in each specialty group will be chosen by the teachers. Solos and specialties will be taught at a time that is convenient for both the dancers and the teacher. Solos and Specialties are for competitions only.

Solos and Specialties will start in July. Your solo and/or specialty group, teacher and music will be chosen for you. Please DO NOT contact teachers asking them to choreograph your routine.

Sign up NOW if you want your solo/specialty done in the summer!

For your convenience solos and/or specialty payments will be broken up into monthly payments. Costumes will be an additional charge.
