2026 ~SUMMER~ Solo and/or Specialty

Solos and/or Specialties taught in Summer 2026 will have the opportunity to **begin competing in January 2027**. Learning a routine over the summer allows dancers to focus on choreography without juggling multiple class routines at the same time. Summer solos/specialties give students the opportunity to perform in competitions in January, February and March as well as the during the three group competitions that are scheduled for late Spring.

(Summer solo/specialties must compete in at least 2 of the 3 competitions offered Jan/Feb/March)

Fall Solos/Specialties will not begin competing until **late March** and will have the opportunity to compete **approximately three times**. Please note: **Solos and Specialties are for competition only**.
