

2026 Mini Company

Summer Intensive Camps

Company Summer Workshop (meeting 4–5 times across the summer) is designed to **maintain** the skills and technique your child built during the year—it is **not intended to advance technique**. Since private lessons can be expensive, many families have asked about additional summer training to help their dancer move to the next level.

In response, we're excited to offer **Summer Intensive Camps**, focused on **technique development** and drills for **jumps, leaps, and pirouette sequences**.

Class Focus

Each class will include a combination of **Ballet, Jazz, and Conditioning**.

Registration Requirement

Students must be **registered for the 2026–2027 season** and **enrolled in Summer Company Workshop** before registering for Summer Intensive Camp.

Camp Format

- Each session includes **3 classes**
